✓ Silver

✓ Red (Other colors available for orders of 20 sets or more)

Base Available in Stock Color:

✓ Black (Other colors available for orders of 20 sets or more)

01/

FEATURE DESCRIPTION

1.Very lightweight and portable, with a well-balanced design.

2.Capable of cutting both metal and non-metal materials, suitable for cutting tasks in schools, machine workshops, construction sites, outdoor electrical installations, and more.

3.Safe and environmentally friendly operation, no sparks, no ozone, no burrs, low noise, and smooth cutting surface.

4.Equipped with a power-off protection device that automatically cuts off power after use.

5.Features an adjustable worktable and workpiece clamping device, allowing for cutting at angles from 0 to 45 degrees.

6.Capable of cutting various materials: stainless steel, chromium alloy, nickel-based alloy, carbon steel, angle steel, structural steel, aluminum, copper, glass fiber, plastic, cables, wood, and more. It can cut solid materials, profiles, and thin-walled tubes with a single machine.

7.Dry cutting, no need for water.
